

Bilingual Specialists at Regional Special Education Technical Assistance Support Centers (RSE-TASCs)

Regional Special Education Technical Assistance Support Centers (RSE-TASCs) are located throughout the state and are part of a statewide network that provides resources, information, consultation, coaching and staff development related to the education of students with disabilities. Bilingual Special Education Specialists are available at the RSE-TASCs to provide regional information and technical assistance to communicate compliance and effective practices for bilingual/English language learner (ELL) students with disabilities.

Individuals who live in regions without a bilingual specialist should contact the coordinator of the RSE TASC in their region to request assistance from another region. A complete list of RSE TASCs can be found at <http://www.p12.nysed.gov/specialed/techassist/rsetasc/locations.htm>
